

PURINA® WIND AND RAIN® STORM® ALL SEASON 4.0 COMPLETE - 3000426

A comprehensive line of beef cattle minerals designed to correct the mineral deficiencies of the available forage in a palatable, weather-resistant, granular formula. Wind and Rain® STORM® cattle minerals' large particle size and special formulation keeps the mineral from absorbing water and blowing out of the feeder. The STORM® formulation provides the ultimate in weather resistance reducing waste and making Wind and Rain STORM® Formula a smart and economical choice to feed minerals to beef cattle.

AVAILABLE AS:

JDE Code	Mineral Name	Active Ingredient	Level
3000426	Wind and Rain® Storm™ Formula All Season 4 CP	Non-Medicated	none
3000431	Wind and Rain® Storm™ Formula All Season 4 CP AU5600	Aureomycin	5600 g/ton
3002177	Wind and Rain® Storm™ Formula All Season 4 CP AU5600 Altosid	Aureomycin Altosid	5600 g/ton 95.2 g/ton
3002184	Wind and Rain® Storm™ Formula All Season 4 CP Tasco AU5600	Aureomycin Tasco	5600 g/ton

FEATURE	BENEFIT
Contains large particle size ingredients and rain protection	Resistant to wind losses and rain damage.
Exclusive STORM® formulation	Resists water, not digestion. STORM® Formulation nearly eliminates water retention and clumping or "bricking." That means cattle will continue to consume the mineral even after it's been wet. Though it resists moisture, Purina research reveals that it does not prevent digestion. Result: Less Waste.
Balanced mineral nutrition	Wind and Rain® STORM® minerals contain the proper balance and ratios of all 14 essential cattle minerals. Matching the correct product for the cattleman's available forage assures cattle receive the mineral nutrition they need for health, growth and reproduction. This product is designed for a 4 ounce consumption rate.

PURINA® WIND AND RAIN® STORM® ALL SEASON 4.0 COMPLETE - 3000426

GUARANTEED ANALYSIS:

MINERAL / VITAMIN	LEVEL
-------------------	-------

Calcium (Ca), min	17.00%
Calcium (Ca), max	19.00%
Phosphorus (P), min	4.00%
Salt (NaCl), min	24.00%
Salt (NaCl), max	26.00%
Magnesium (Mg), min	1.00%
Potassium (K), min	0.10%
Zinc (Zn), min	3,600 PPM
Manganese (Mn), min	3,600 PPM
Copper (Cu), min	1,200 PPM
Cobalt (Co), min	12 PPM
Iodine (I), min	60 PPM
Selenium (Se), min	27 PPM
Vitamin A, min	150,000 IU/LB
Vitamin D, min	15,000 IU/LB
Vitamin E, min	150 IU/LB

INGREDIENTS:

Calcium Carbonate, Dicalcium Phosphate, Monocalcium Phosphate, Salt, Processed Grain By-Products, Vegetable Fat, Plant Protein Products, Mineral Oil, Magnesium Oxide, Sodium Selenite, Molasses Products, Iron Oxide, Natural and/or Artificial flavor, Vitamin E Supplement, Vitamin A Supplement, Calcium Lignin Sulfonate, Ethoxyquin (a Preservative), Manganese Sulfate, Zinc Sulfate, Basic Copper Chloride, Vitamin D₃ Supplement, Ethylenediamine Dihydriodide, Cobalt Carbonate.

DIRECTIONS:

Feed this product free choice to cattle receiving rations composed largely of grass hay or to cattle grazing range or grass pastures. Optimum intake is 4 ounces per head per day. Cattle receiving phosphorus deficient diets may over-consume this product when it is first offered. Place the mineral feeder near the water supply or in animals' loafing area. Put out fresh mineral at least once per week. Feeding free choice salt is not required with this mineral. Provide fresh, clean water near the feeding area.

CAUTION:

Store in dry, well ventilated area protected from rodents and insects. Do not feed moldy or insect-infested feed to animals as it may cause illness, abortion or death.
